AdriaMont INSTITUTE

SEMINAR SHEET

Public Expert Lectures

Accessible expert sessions for curious adult audiences.

Written for adult professionals and curious learners.

Public lectures for learners who want a clear, engaging introduction to a serious topic.

LENGTH	45 to 90 minutes
DELIVERY	Live online, recorded, or hybrid digital event
AUDIENCE	Adult learners, professional communities, institutions, public education audiences

Possible lecture themes

- What makes a skill measurable?
- Social and emotional skills without hype.
- Why assessment reports are often misunderstood.
- Skill mismatch and the changing labor market.
- Responsible AI in feedback and reporting.
- International assessment studies in plain language.

Typical structure

01 Clear problem framing.

02 Evidence-based expert explanation.

03 Realistic examples and misconceptions.

04 Practical takeaways.

05 Audience questions or follow-up resources.

Request this format when the audience needs an engaging introduction rather than a full training program.
